Mr. Kilbourn's Lecture.

The lecture "Italy in Twenty-five Days," given last Friday evening by Rev. Henry Kilbourn was a great treat and those who heard it were enthusiastic in their praise. In vivid and well chosen language the salient points of the trip from Genoa through the principal Italian cities to Naples were outlined. The audience listened for over two hours with the closest interest. Mr. Kilbourn not only possesses the gifts of seeing much and observing closely, but also the power of presenting his observations to other minds in a realistic manner. Many of the stereoscopic pictures were from photographs secured by Mr. Kilbourn and reproduced specially for this lecture, hence they were entirely new to all.—Bradford Opinion.

A Card of Thanks.

To the officers and members of Court Rob Roy, Foresters of America, Graniteville, Vermont, and the committee at large:

I wish to express to the officers and members of Court Rob Roy, F. of A., my gratitude in the prompt way in which the officers and members showed their kindness and sympathy to my sister, Mrs. Hermon Bullis, in her sad bereavement. We will not forget those who came to our assistance in the hour of trial relieving us of burdens almost too heavy to bear.

I desire to express my appreciation of the many acts of kindness of the Brothers Spenser and Brew who had charge of the funeral of their late companion and our affectionate brother and I hope that God's blessing may rest upon you all in your good work and that you may continue always to have the common feeling of brotherhood at heart.

I remain

Yours fraternally,

W. A. Clearius.
